

7th WORLD CONGRESS

WCPGHAN 2024

of PEDIATRIC
GASTROENTEROLOGY,
HEPATOLOGY and NUTRITION

4-7 DECEMBER 2024

FISPGHAN - LASPGHAN

PROGRAM

BUENOS AIRES

CONVENTION CENTER (CEC:) ARGENTINA

Welcome

Greetings!

It is with great pleasure that we invite you to attend the forthcoming 7th World Congress of Pediatric Gastroenterology, Hepatology and Nutrition that will take place between December 4th and 7th, in Buenos Aires Argentina. Because we expect the attendance of doctors, dieticians and nurses from different parts of the world, we are preparing a program that will be creative and challenging for all.

The motto we have chosen for this Congress is: "Integrating scientific knowledge for global equity". An ambitious proposition. To reach the level of excellence expected by those who regularly attend the meetings of the respective Societies, we have been working hard on the 17 main topics with the input of the representatives selected by the 6 participating Societies. The spectrum of topics goes from breast-feeding to transition of adolescents to adult health care providers, from basic science to point of care. In the era of artificial intelligence, we still face challenges about environmental health and malnutrition that will be addressed. We have a roster of excellent lecturers and chairs. On Wednesday we will have a Post Graduate course in English and one in Spanish/Portuguese, Hands-on endoscopy and motility, train the trainers on endoscopy. In addition, we have not less than 12 symposia sponsored by industry. The World Congress will give participants a unique opportunity to exchange ideas and expertise in a global framework and at the same time be enriched with an amazing South American experience.

Buenos Aires will receive you with great late spring weather. It is a multi-ethnic, multicultural city, with Spanish colonial and French architecture mix with local designs. The city has numerous museums, parks, and sports. The country has well known sites of natural beauty that will leave a longstanding impression on the visitors. In addition, it will be a great opportunity to taste our great food, watch and try tango dancing and our wines for those who enjoy them.

We hope to be able to welcome you to Buenos Aires next December.

Sincerely,

Marina Orsi

SCIENTIFIC PROGRAM

Wednesday 4th december

English Postgraduate Course

Directors

- *Ericka Montijo Barrios*
- *María Camila Sánchez*
- *Veronica Busoni*

08:15-08:30h. Introduction and welcome

Room E

08:30-10:00h. Module 1. Functional disorders/Motility

Room E

Chairs:

- *Aldo Maruy Saito*
- *José Fernando Vera Chamorro*

08:30-08:50h. Tricks and treatments for severe motility disorders

Speaker:

- *Carlo Di Lorenzo*

08:50-9:10h. NASPGHAN-ESPGHAN guidelines for the treatment of abdominal pain

Speaker:

- *Miguel Saps*

9:10-9:30h. Cyclic vomiting syndrome: What's new?

Speaker:

- *Suporn Treepongkaruna*

09:30-10:00h. Break

10:30-12:00h. Module 2. Hepatology

Room E

Chairs:

- *Carola María Lopez Nebel*
- *María Cristina Arregui*

■ 10:30-10:50h. Recognizing operational tolerance is the first step to personalized immunosuppression

Speaker:

- *Mercedes Martinez*

■ 10:50-11:10h. Wilson disease in 2024

Speaker:

- *Rima Fawaz*

■ 11:10-11:30h. Approach to genetic cholestatic liver diseases in infancy

Speaker:

- *Huey-Ling Chen*

11:30-12:00h. Q&A

Room E

12:00-13:30h. Lunch on your own/Learning Lunches

13:30-15:00h. Module 3. Nutrition

Room E

Chairs:

- *Michelle Higuera*
- *Natascha Silva Sandy*

■ 13:30-13:50h. Current management of congenital diarrhea

Speaker:

- *Olivier Goulet*

■ 13:50-14:10h. Food Allergy and Eosinophilic Diseases. Dietary challenges

Speaker:

- *Catalina Ortiz*

■ **14:10-14:30h. Nutritional therapeutic approach in pediatric IBD**

Speaker:

- *Almuthe Christina Hauer*

14:30-15:00h. Q&A

Room E

15:00-16:30h. Module 4. Celiac Disease and IBD

Room E

Coordinators:

- *Luciana Guzmán*
- *Monica Contreras*

■ **15:00-15:20h. Is there a therapeutical role for diet in Ulcerative colitis?**

Speaker:

- *Victor Navas*

■ **15:20-15:40h. Positioning Newer Biologics and Small Molecules in the Management of Pediatric IBD**

Speaker:

- *Francisco Javier Martin de Carpi*

■ **15:40-16:00h. Challenges in diagnosing VEOIBD**

Speaker:

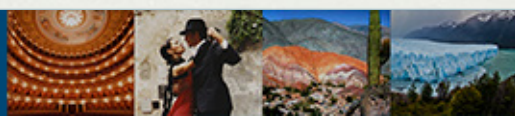

- *Vera Sdepanian*

15:50-16:20h. Q&A

Room E

16:20h. Conclusions

Room E

Curso de Posgrado : Curso en español/portugués (course in spanish/portuguese)

Directors

- *Elisa De Carvalho*
- *Roberto Zablah*

08:00-10:00h. Gastroenterología

Room C1

Moderadoras:

- *Luciana Rodrigues Silva*
- *Yael Encinas*

08:00-8:20h. ERGE: a quien y cómo tratar/DRGE: quem e como tratar

Ponente:

- *Roberto Zablah*

08:20-08:40h. Estreñimiento: desimpactación y tratamiento de mantenimiento/Constipação: desimpactação e tratamento de manutenção

Speaker:

- *Cecilia Elena Zubiri*

08:40-9:00h. Alergia alimentaria no mediada por IgE/Alergia alimentar não IgE mediada: como conduzir na prática clínica

Ponente:

- *Elisa De Carvalho*

9:00-9:20h. Neuromoduladores en trastornos de interacción intestino cerebro/ Neuromoduladores nas doenças funcionais

Ponente:

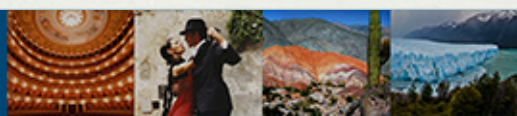

- *Cristina Targa Ferreira*

9:20-9:40h. Enfermedad celiaca: diagnóstico y tratamiento/Doença celíaca: diagnóstico e tratamento

Ponente:

- *María del Carmen Toca*

9:40-10:00h. Discusión/Discussão

10:00-10:30h. Coffee break

10:30-12:30h. Hepatología

Room C1

Moderadoras:

- *Liliana Worona*
- *Alexandra Salvador de Avila*

10:30-10:50h. Colestasis neonatal: de la sospecha al diagnóstico etiológico/Coolestase neonatal: da suspeição ao diagnóstico etiológico

Ponente:

- *Veronica Botero Osorio*

10:50-11:10h. Hepatitis virales emergentes: diagnóstico y tratamiento/Hepatitis virais emergentes: manejo diagnóstico e terapêutico

Ponente:

- *Carmen Lopez Gudell*

11:10-11:30h. Calidad de vida o Transición a la vida adulta en hepatopatías crónicas/QOL o Transition to adult life en doenças crônicas

Ponente:

- *Gustavo Boldrini*

11:30-11:50h. Enfermedad del hígado graso asociada con disfunción metabólica (MAFLD):

Ponente:

- *Victoria Fernández de Cuevas*

11:50-12:10h. Insuficiencia hepática aguda: tratamiento/Insuficiência hepática aguda: Tratamento

Ponente:

- *Irene Kazue Miura*

12:10-12:30h. Discusión/Discussão

12:30-14:00h. Almuerzo/Almoço

14:00-16:00h. Nutrición

Room C1

Moderadoras:

- *Gisselle Fernández*
- *Diana Pérez Rodríguez*

■ 14:00-14:20h. Lactancia materna: beneficios a la luz de las ciencias bióticas y ómicas/Aleitamento materno: benefícios a luz dos bióticos e ciências ômicas

Speaker:

- *Carolina Ortiz*

■ 14:20-14:40h. Intervención nutricional en los trastornos del eje intestino-cerebro/Intervenção nutricional nos transtornos do eixo intestino-cérebro

Ponente:

- *Matías Epifanio*

■ 14:40-15:00h. Retos nutricionales en bebés prematuros/Desafios nutricionais no prematuro

Ponente:

- *Marta Sanabria*

■ 15:00-15:20h. Vitamina y omega 3: impactos en salud/Vitaminas e omega 3: impactos na saúde

Ponente:

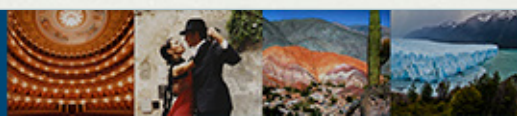

- *Mauro Fisberg*

■ 15:20-15:40h. Dietas alternativas: riesgos y beneficios nutricionales/Dietas alternativas: riscos e benefícios nutricionais

Ponente:

- *Vanessa Hernandez Rosiles*

■ 15:40-16:00h. Discusión/Discussão

Training the Colonoscopy Trainer (TCT) Taster Session

Faculty Tutor & Assistant Professors

Faculty Tutors:

- **Priya Narula**
- **Dominique Schluckebier**
- **Mike Thomson**

Assistants:

- **Mariela Antoniska**
- **Guillermo Alarcon**

09:30-09:35h. Introductions and Overview

09:35-10:00h. Back to basics

10:00-10:10h. Use of Scope Guide

10:10-10:20h. High Quality Colonoscopy

10:20-10:30h. Conscious competence

10:30-10:45h. Taking over the scope

10:45-11:00h. Coffee

11:00-11:15h. Use of Set-Dialogue-Closure

11:15-11:30h. Physical and Verbal Set

11:30-11:45h. Review of aims and SMART

11:45-12:00h. Endoscopy language

12:00-12:20h. Paediatric endoscopy quality standards and training

12:20-12:30h. Performance enhancing instruction

12:30-13:15h. Lunch

13:15-15:00h. Model training

15:00h. Summary and close

Hands on Motility

Speakers

- *Gabriel Solzi*
- *Usha Krishnan*
- *Rachel Rosen*
- *Anita Sicolo*
- *María Daniela Neder*
- *Renata Weinschelbaum*
- *Soraia Tahan*
- *Ana Cristina Fontenele Soares*
- *Andrés Ditaranto*
- *Anna Rybak*
- *Kornilia Nikaki*
- *Atchariya Chanpong*
- *Anshu Srivastava*
- *Michiel Van Wijk*
- *Peter Lu*
- *José Tenório de Almeida Neto*
- *Erick Manuel Toro Manjaraz*
- *Gisela Chelimsky*
- *Melquicedec Vargas Sandoval*
- *Palittiya Sintusek*

Colaborators

- *María Daniela Neder*
- *Ana Rocca*
- *Andrés Ditaranto*
- *Roman Bigliardi*
- *Cecilia Elena Zubiri*

13:30-17:30h. pH/IIM

Room A

- Rachel Rosen
- Andy Darma

13:30-17:30h. Esophageal manometry

Room A

- Leonel Rodríguez
- Osvaldo Borrelli

13:30-17:30h. Anorectal manometry

Room A

- Nikhil Thapar
- Marc Benninga

13:30-17:30h. ENDOFLIP

Room A

- José Garza
- Samuel Nurko

Hands on Pediatric Capsule Endoscopy

Speakers & Assistants

Speakers:

- Ignacio Fernández - Urien Sainz
- Veronica Busoni

Assistants:

- María Julieta Gallo
- Soledad Arcucci

13:00-14:30h. Principles and indications for Capsule
Endoscopy in Pediatrics

Room C2

14:30-16:00h. Bowel Preparation and capsule administration

Room C2

16:00-17:00h. Practical Training on reading software through 3 clinical pediatric cases

Room C2

Hands on Course on Endoscopy

Coordinators

- *Nuthapong Ukarapol*
- *Mike Thomson*
- *Nezha Mouane*
- *Akshay Kapoor*
- *Claudio Iglesias*
- *Wenly Ruan*

Speakers & Assistants

Speakers:

- *Ignacio Fernández - Urien Sainz*
- *Veronica Busoni*

Assistants:

- *María Julieta Gallo*
- *Soledad Arcucci*

Instructors

- *Guillermo Alarcon*
- *Mike Thomson*
- *Shishu Sharma*
- *Moinak Sen Sarma*
- *Nezha Mouane*
- *Petar Mamula*
- *Akshay Kapoor*
- *Clifton Huang*
- *Matjaz Homan*
- *Victor Fox*
- *Douglas Fishman*
- *Dharamveer Basude*

- *Jorge Amil Dias*
- *Roberto Zablah*
- *Mario Vieira*
- *Jose Fernando Vera-Chamorro*
- *José Vicente Spolidoro*
- *Reinaldo Pierre-Alvarez*
- *Paula Peruzzi*
- *Sandra Neri*
- *Dianora Coromoto Navarro Aponte*
- *Ericka Montijo Barrios*
- *Milton Mejía Castro*
- *Fernando Alonso Medina Monroy*
- *Néstor Lucero*
- *Yalda Lucero*
- *Claudio Iglesias*
- *Michelle Higuera*
- *Ileana González*
- *Miguel S. Gallardo Luna*
- *Laura Delgado*
- *Nina del Valle Colina Rodríguez*
- *Montserrat Cázares Méndez*
- *Luis Caro*
- *Paula Borobia*
- *Mariela Antoniska*

08:00-08:35h. Welcome and introductory course

08:35-09:00h. Divide attendees per station

09:00-13:00h. Rotation 45 minutes per station

13:00-13:35h. Welcome and introductory course

13:35-14:00h. Divide attendees per station

14:00-18:00h. Rotation of 45 minutes per station

19:00-20:00h. Welcome Reception

Thursday 5th december

08:00-09:30h. Opening Ceremony

Room A

09:30-10:00h. Plenary Session. Artificial Intelligence in science and medicine from Al Khwarizmi to Omics. A real-time future

Room A

Chairs:

- *Jenifer Lightdale*
- *Rodrigo Vázquez Frías*

Speaker:

- *Marcelo R Risk*

10:00-10:45h. Coffee break & e-poster session

10:45-12:15h. Session. Celiac disease and gluten related disorders

Room A

Chairs:

- *Carlo Catassi*
- *Nelson Ramirez-Rodriguez*

■ 627/193 Potential coeliac disease in a prospective cohort of spanish coeliac children: characteristics at diagnosis and short-term follow-up

Speaker:

- *Josefa Barrio*

■ Something new in celiac disease follow-up?

Speaker:

- *Jernej Dolinsek*

■ 627/165 Diagnostic delays in children with celiac disease across the world

Speaker:

- *Jernej Dolinsek*

■ 627/511 Non-biopsy approach for north american pediatric patients with celiac disease

Speaker:

- *Ugur Halac*

■ Are we overdiagnosing gluten related disorders?

Speaker:

- *Alessio Fasano*

■ In GRD, are we talking about a transitory pathology or a lasting disorder?

Speaker:

- *Aw Marion*

10:45-12:15h. Session. Enviroment and Global Child Health

Room B

Chairs:

- *Paul Harris*
- *Harland Winter*

■ Climate, Enviromental contamination and global child health equity.

Speaker:

- *Mark Manary*

■ 627/535 Global Burden and Health Inequality of Nutritional Deficiencies from 1990-2019

Speaker:

- *Hui Li*

■ Innovations in Pediatric Global Health: the role of machine learning and AI in global child health

Speaker:

- *Sana Syed*

■ 627/687 Maternal and offspring neurodevelopmental outcomes following gestational antibiotic treatment and perinatal asphyxia: probiotic potential

Speaker:

- *Mara Ioana Ionescu*

■ Global challenges in childhood nutrition; from undernutrition to obesity

Speaker:

- *Mary Fewtrell*

10:45-12:15h. Session. JPGN

Room C1

Chairs:

- *Giuseppe Indolfi*
- *Sandeep Gupta*

■ The Editorial Team with moderated questions and answers

Speakers:

- *Joseph Croffie*
- *Norman Junge*
- *Oswaldo Borrelli*
- *Anupama Chawla*

■ How to transform abstracts into publishable JPGN/JPGN Reports articles

Speakers:

- *Kathleen Schwarz*
- *Nitika Gupta*

10:45-12:15h. Session. Chronic liver disease: causes and complications

Room C2

Chairs:

- *Ulrich Baumann*
- *Marcela Godoy*

■ Management of small babies with liver disease: how to grow them pre-transplant

Speaker:

- *Vicky Lee Ng*

■ 627/227 Biliary atresia in the east and the west: head-to-head comparison of clinical outcomes in two tertiary hospitals

Speaker:

- *Mark Nomden*

■ **Autoimmune hepatitis interplay with sclerosing cholangitis in IBD. Evaluation and prognosis**

Speaker:

- *Lorenzo D'Antiga*

■ **627/613 Liver copper in children with Wilson disease – sensivity, specificity and optimal cut-off concentration**

Speaker:

- *Piotr Socha*

■ **627/75 Find out the situation about the diagnosis and follow-up of patients with tyrosinemia type-1 in Latin America**

Speaker:

- *Veronica Cornejo*

■ **Portal hypertension in children: challenges and persistent dilemmas**

Speaker:

- *Riccardo Superina*

10:45-12:15h. Session. Cystic Fibrosis

Room C3

Chairs:

- *Magali Reyes Apodaca*
- *Carmen Alicia Sanchez Ramirez*

■ **627/147 Survey insights: Challenges and successes of cystic fibrosis care in Latin America**

Speaker:

- *Magali Reyes Apodaca*

■ **The Impact of CFTR Modulators on gastrointestinal symptomatology**

Speaker:

- *Meghana Sathe*

■ **627/428 Anthropometric and lung function modifications in patients with cystic fibrosis from a pediatric hospital in Buenos Aires treated with highly effective CRFT Modulators**

Speaker:

- *Florencia Bocco*

■ **627/28 Utilizing the TRINETX international database of rare disease: GI manifestations in children and young adults with cystic fibrosis in the pre and post highly effective triple modulator**

Speaker:

- *Carolena Trocchia*

■ **Redefining liver disease in CF: new guidelines and definitions**

Speaker:

- *Simon Ling*

■ **The pancreas and liver in cystic fibrosis-related disorders**

Speaker:

- *Michael Wilschanski*

10:45-12:15h. Session. Nutrition in children: a global perspective

Room D

Chairs:

- *Sanja Kolaček*
- *Catalina Bages*

■ **Practical interventions for managing malnutrition in children under 5 years of age in low- and middle-income countries**

Speaker:

- *Solange Heller Rouassant*

■ **627/91 Effect of COVID pandemic on growth status among young Malaysian children: a comparative analysis from three nationwide surveys**

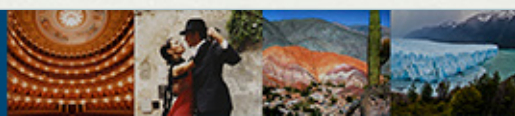

Speaker:

- *Lee Way Seah*

■ **627/409 A statistical exploration of pediatric gastrostomy complications: insights from a tertiary care center in Sri Lanka**

Speaker:

- *Kapuge Lasanthi Wathsala Hathagoda*

■ **Micronutrient supplementation and fortification in children under 5 years**

Speaker:

- *Krishnapriya M Prathapan*

■ **627/606 Gastric residual measurement in preterm infants: a systematic review and meta-analysis of randomized controlled trials**

Speaker:

- *Angelica Nau*

■ **Feeding the premature infant: Individualized feeding plans and complementary feeding**

Speaker:

- *Ariel Salas*

10:45-12:15h. Session. Current endoscopy training programs: are we meeting the needs of the new generation of endoscopists?

Room E

Chairs:

- *Lissy de Ridder*
- *Dianora Coromoto Navarro Aponte*

■ **627/465 Five years tertiary experience in button battery ingestions - children continue to die from button batteries**

Speaker:

- *Christos Tzivinikos*

■ **Current situation of endoscopy training in the Asian-Pacific region**

Speaker:

- *Katsuhiro Arai*

■ **Simulators and other trends in endoscopy training**

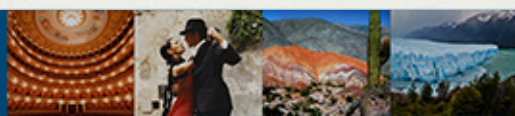

Speaker:

- *Jenifer Lightdale*

■ **627/822 Improvement of endoscopic skills after completion of a simulation course for pediatric residents**

Speaker:

- *Ron Shaoul*

■ New colonoscopy quality indicators

Speaker:

- **Reinaldo Pierre-Alvarez**

■ 627/81 Outcome and parent's satisfaction from modified open access endoscopy versus traditional endoscopy referral in children

Speaker:

- **Alicia Cañizares Funes**

12:30-13:30h. Abbott Symposium. Plant-Based Approaches for Nutrition Management of CMA: Exploring Hydrolyzed Rice Formula

Room A

For more details see page 53

12:30-13:30h. Biogaia Symposium. Understanding Functional Abdominal Pain Disorders Among Children: A Collaborative Expert Panel.

Room C1

For more details see page 53

12:30-13:30h. IPSEN Symposium. A new perspective about rare cholestatic diseases in childhood

Room C2

For more details see page 53

12:30-13:30h. BIOPAS Symposium. Challenges in Diagnosis and New Treatments for ALGS and PFIC in LATAM

Room C3

For more details see page 53

12:30-13:30h. Reckitt Mead Johnson Symposium. Microbiome and non-communicable diseases: A life-long journey

Room D

For more details see page 53

12:30-13:30h. Nestlé Symposium. Advances in Dietary Therapy for Crohn's Disease

Room E

For more details see page 53

13:30-14:30h. Lunch

14:30-16:00h. Session. Modulating the microbiota

Room A

Chairs:

- *Stefano Guandalini*
- *Gabriel Vinderola*

■ Restoring premature microbiome maturation through probiotics and nutrition strategies

Speaker:

- *Marie Claire Arrieta*

■ The fiability of HMO in different situations

Speaker:

- *Yvan Vandenplas*

■ The use of gum arabic as natural prebiotic in the management of acute diarrhea

Speaker:

- *Omayma Sabir*

■ Evidence-based indications for probiotics

Speaker:

- *Hania Szajewska*

14:30-16:00h. Session. New challenges in the diagnosis and management of food allergy

Room B

Chairs:

- *Cristina Targa Ferreira*
- *Mauro Batista de Morais*

■ Induction of cow milk protein tolerance in cow milk allergy: where are we?

Speaker:

- *Roberto Berni Canani*

■ Impact of food allergy on quality of life and financial burden: a worldwide perspective

Speaker:

- *Dominique Bailey*

■ 627/145 Gut microbiome of Brazilian infants with non-IgE mediated cow's milk allergy – a pilot study

Speaker:

- *Bruna França Protásio*

■ 627/358 Dupilumab in pediatric refractory eosinophilic esophagitis: a retrospective study on clinical, endoscopic and histological response - triple remission is an achievable goal

Speaker:

- *Christos Tzivinikos*

■ The role of STAT-6 in eosinophilic gastrointestinal disorder and other allergic diseases

Speaker:

- *Ichiro Takeuchi*

■ 627/601 Artificial intelligence use to predict proton pump inhibitor response in patients with eosinophilic esophagitis: a diagnostic accuracy study

Speaker:

- *Rian Lima*

14:30-16:00h. Session. Young Career & Training Program

Room C1

Chairs:

- *Anupam Sibal*
- *Sanja Kolaček*

■ NASPGHAN Experience with Entrustable Professional Activities (EPA)

Speaker:

- *Cary Sauer*

■ Developing research in resource-limited areas: a tool for global equity

Speaker:

- *Robert Bandsma*

■ Insights into successful mentor-mentee relationship

Speaker:

- *Taoufik Meskini*

■ Building global networks: Latinamerica´s vision for worldwide gastroenterology education

Speaker:

- *María Alejandra Mortarini*

■ Training systems across different countries and inequities

Speaker:

- *Anne Marie Grima*

14:30-16:00h. Session. Hepatology

Room C2

Chairs:

- *Giuseppe Indolfi*
- *Irene Kazue Miura*

■ World Health Organization's goal of elimination of viral hepatitis by 2030. don't forget the children

Speaker:

- *Kathleen Schwarz*

■ Severe Acute Hepatitis: an update

Speaker:

- *Fernando Álvarez*

■ 627/216 The clinical utility of fibroscan in 1,004 children with liver diseases at single tertiary center

Speaker:

- *Chaowapong Jarasvaraparn*

■ 627/181 Generation of a human induced pluripotent stem cell line derived from sibling patients with Alagille syndrome carrying JAG1 mutation

Speaker:

- *Hideki Kumagai*

■ 627/102 Clinical practice guidelines for biliary atresia in Latin America: recommendations of LASPGHAN

Speaker:

- *Elisa De Carvalho*

■ Metabolic dysfunction-associated steatotic liver disease (MASLD): new approaches to understanding the disease in children and its management

Speaker:

- *Ulrich Baumann*

14:30-16:00h. Session. Nutrition Potpurri

Room C3

Chairs:

- *Carlos Lifschitz*
- *Suporn Treepongkaruna*

■ Sarcopenia evaluation in chronic diseases: clinical challenges and future directions

Speaker:

- *Magali Reyes Apodaca*

■ Iron supplementation in infants: To Do or Not To Do?

Speaker:

- *Natascha Silva Sandy*

■ 627/725 Adaptation of the dietary profile of children under two years of age to the dietary guidelines of Paraguay in a pediatric reference hospital

Speaker:

- *Marta Sanabria*

■ Early nutrition and longterm health

Speaker:

- *Rosan Meyer*

■ 627/331 GLP-1 Medications and Atopic Diseases: A Population Cohort Study

Speaker:

- *Arleen Delgado*

14:30-16:00h. Session. Changes in the epidemiology of IBD in countries with low prevalence and how to adapt treatments

Room D

Chairs:

- *Anne Griffiths*
- *Colette Deslandres*

■ Diagnostic challenges in low and middle income areas

Speaker:

- *Almuthe Christina Hauer*

■ How to define the predictive factors of response? How to select the 1st biological?

Speaker:

- *Jorge Amil Dias*

■ How dietary therapies can be made region-specific and adapted to foods available in diverse geographies

Speaker:

- *Richard Russell*

■ New target drugs: will they become an affordable option for low-income regions?

Speaker:

- *Rohan Malik*

14:30-16:00h. Session. Neuromotility/Disorders of Gut-Brain Interaction DGBIs

Room E

Chairs:

- *Erick Manuel Toro Manjaraz*
- *Annamaria Staiano*

■ Pelvic floor therapy: new therapeutic/preventive

Speaker:

- *Miguel Angel Carro*

■ Gastroparesis versus functional dyspepsia

Speaker:

- *Oswaldo Borrelli*

■ 627/155 Pyloric distensibility plateau: a novel predictor of response to intrapyloric botulinum toxin in children and adolescents

Speaker:

- *Peter Osgood*

■ Postural tachycardia syndrome

Speaker:

- *Gisela Chelimsky*

■ DGBIs from childhood to adulthood: the transition

Speaker:

- *Miguel Saps*

16:00-16:30h. Coffee break

16:30-18:30h. Session. Rome IV-V Criteria and the Disorders of Gut-Brain Interaction DGBIs

Room A

Chairs:

- *Suporn Treepongkaruna*
- *Carlos Velasco Benitez*

■ Where will the Rome V Criteria go?

Speaker:

- *Samuel Nurko*

■ What to do with functional nausea?

Speaker:

- *Marc Benninga*

■ **Should biliary disorders be considered in pediatrics within the DGBIs?**

Speaker:

- *Nikhil Thapar*

■ **EndoFLIP (Endoluminal functional lumen imaging probe) in pediatrics**

Speaker:

- *José Garza*

16:30-18:30h. Session. Breastfeeding and complementary food

Room B

Chairs:

- *Carlos Lifschitz*
- *Marina Orsi*

■ **Global challenges on breastfeeding promotion**

Speaker:

- *Erika Ochoa Ortiz*

■ **Recent WHO complementary feeding guidelines: pros and cons**

Speaker:

- *Mary Fewtrell*

■ **If mom cannot breastfeed?**

Speaker:

- *Benjamin D. Gold*

■ **Can we move forward to global recommendations with complementary food introduction?**

Speaker:

- *Neelam Mohan*

■ **Textures matters: key insights in complementary feeding**

Speaker:

- *Liliana Ladino Melendez*

16:30-18:30h. Session. Pancreatology

Room C1

Chairs:

- *Carmen Alicia Sanchez Ramirez*
- *Yunuen Rivera-Suazo*

■ Acute pancreatitis: An update with severity predictors

Speaker:

- *Miguel S. Gallardo Luna*

■ Genetic studies in pancreatitis. Where are we?

Speaker:

- *Michael Wilschanski*

■ Therapeutic strategy in the management of acute and recurrent pancreatitis

Speaker:

- *Matías Epifanio*

■ Endoscopic approach in chronic pancreatitis

Speaker:

- *Simona Faraci*

16:30-18:30h. Session. Transition to adult care

Room C2

Chairs:

- *Karina Leta*
- *Raquel Furnes*

■ Transition in adolescence, adherence, healthcare providers. Our experience

Speaker:

- *Amanda Cantor*

■ Families also make the transition, different perspectives and challenges

Speaker:

- *Norman Junge*

■ **Transitional care for patients with Inflammatory bowel disease: the Japanese experience**

Speaker:

- *Hideki Kumagai*

■ **The adult perspective**

Speaker:

- *Edgardo Smecuol*

16:30-18:30h. Session. Celiac disease

Room C3

Chairs:

- *Ritu Verma*
- *Enriqueta Roman Riechmann*

■ **Artificial intelligence and machine learning algorithms in the endoscopic and histopathological diagnosis and follow up of CD patients**

Speaker:

- *María Teresa García de Dávila*

■ **Can we move towards a global diagnostic process?**

Speaker:

- *Jernej Dolinsek*

■ **What about other autoimmunity pathologies in celiac disease?**

Speaker:

- *Sandhia Naik*

■ **Screening for celiac disease in the general pediatric population: has the time come?**

Speaker:

- *Carlo Catassi*

16:30-18:30h. Session. Cholestatic liver disease

Room D

Chairs:

- *Mirta Ciocca*
- *Fernando Álvarez*

■ **Transforming Care in Biliary Atresia: From Pathogenesis to the Bedside**

Speaker:

- *Jorge Abdon Bezerra*

■ Biliary atresia in adolescence and adulthood: challenges on the road to transition

Speaker:

- *Kathleen Schwarz*

■ Genetic liver disease: Is there a new diagnostic algorithm? Is it applicable worldwide?

Speaker:

- *Richard Thompson*

■ Novel pharmacological therapies for neonatal cholestasis. Pros and Cons.

Speaker:

- *Huey-Ling Chen*

16:30-18:30h. Session. Introduction to Microbiome and its impact in life

Room E

Chairs:

- *Omayma Sabir*
- *Stacy Kahn*

■ Introduction to Microbiome for the pediatric gastroenterologist

Speaker:

- *Christian Germán Boggio Marzet*

■ Metagenome sequencing of the gut microbiome in populations all over the world

Speaker:

- *Ruairi Robertson*

■ Impact of the maternal microbiome on the developing infant across the perinatal period

Speaker:

- *Flavia Indrio*

■ Opportunities for interventions (trials)

Speaker:

- *Paul Kelly*

Friday 6th december

08:15-09:15h. AB-BIOTICS Symposium. New Insights on Infant Colic: From Pathophysiology to Comparative Probiotic Studies (Symposium in Spanish)

Room C1

For more details see page 53

08:15-09:15h. Nestlé Symposium. Brain-gut axis interaction disorders: how functional is it and what do we still need to discover? (Symposium in Spanish)

Room D

For more details see page 53

08:15-09:15h. Abbott Symposium. Pediatric DGBI & Nutrition Insights: from diagnosis to optimized care.

Room E

For more details see page 53

09:30-10:00h. Plenary Session. Climate change, malnutrition and poverty: there are not technological fixes

Room A

Chairs:

- **Sanja Kolaček**
- **Daniel D'Agostino**

Speaker:

- **Roberto Fernández**

10:00-10:45h. Coffee break & e-poster session

10:45-12:15h. Session. Obesity in children and adolescents

Room A

Chairs:

- **Vicky Lee Ng**
- **Laura Delgado**

■ Childhood obesity: Epidemiology, etiology, and pathogenesis

Speaker:

- *Jiri Bronsky*

■ Molecular genetic of childhood obesity

Speaker:

- *Magali Reyes Apodaca*

■ Dietary interventions to prevent childhood obesity

Speaker:

- *Patricio Acosta Rodríguez Bueno*

■ Advances in treatment of pediatric obesity

Speaker:

- *Irina Kovalskys*

■ 627/459 Summary of the Consensus on the Diagnosis, Treatment, and Follow-Up of Overweight and Obesity in Children and Adolescents by the LASPGHAN

Speaker:

- *Jaime Ernesto Alfaro Bolaños*

10:45-12:15h. Session. Update of the atopic march

Room B

Chairs:

- *Koen Huysentruyt*
- *Milton Mejía Castro*

■ Strategies to prevent cow's milk allergy: are we doing our best?

Speaker:

- *Roberto Berni Canani*

■ Advances in the treatment of IgE-mediated food allergies

Speaker:

- *Anna Nowak Wegrzyn*

■ 627/59 The natural evolution of Cow's Milk-related Symptom Score (CoMiSS) in infants not diagnosed with cow's milk allergy

Speaker:

- *Yvan Vandenplas*

■ **New allergens in the horizon?**

Speaker:

- *Sylvia Cruchet*

■ **Food allergy exclusion diet: growth and QOL-HR challenges**

Speaker:

- *Katia Rodriguez*

10:45-12:15h. Session. Research & Future directions

Room C1

Chairs:

- *Mauro Batista de Morais*
- *Melvin Heyman*

■ **Advances in pediatric acute liver failure (PALF)**

Speaker:

- *Rohit Kohli*

■ **627/261 The Protective Effects of Zonulin Antagonist on the Development of Non-alcoholic Fatty Liver Diseases in a Mice**

Speaker:

- *Chun-Yan Yeung*

■ **Relationship between gut, liver, microbiome and nutrition**

Speaker:

- *Yen Hsuan Ni*

■ **627/774 Bile Acid Analogs Regulate G-Coupled Protein Receptor TGR5 to Mitigate Parenteral Nutrition Associated Complications**

Speaker:

- *Chandra Manithody*

■ **Optimal treatment of pediatric IBD: closing the gap through investigator initiated clinical research**

Speaker:

- *Lissy de Ridder*

- 627/414 Phase 2/3 study evaluating efficacy and safety of pozelimab in patients with CD55 deficiency with hyperactivation of complement, angiopathic thrombosis, and protein-losing enteropathy (Chaple disease)

Speaker:

- *Voranush Chongsrisawat*

10:45-12:15h. Session. Transplantation

Room C2

Chairs:

- *Natascha Silva Sandy*
- *Kyung Mo Kim*

- Cardiovascular manifestation following liver transplantation: an update

Speaker:

- *Norman Junge*

- 627/560 Rotavirus in pediatric liver transplant patients: a retrospective analysis of incidence, risk factors and outcome

Speaker:

- *Juliana Ramalho de Vasconcelos*

- Recurrent sclerosing cholangitis after liver transplantation: new concepts

Speaker:

- *Mercedes Martinez*

- 627/255 Comparing scores to predict mortality in children with acute decompensation (ad) of cirrhosis

Speaker:

- *Paula Rigo*

- Optimizing use of technical variant liver allografts

Speaker:

- *George Mazariegos*

- 627/784 Mental health and quality of life in adolescents with solid organ transplantation in times of Pandemic COVID-19

Speaker:

- *Tatiana Bendersky*

10:45-12:15h. Session. Therapeutic Endoscopy in Children: we´ve come a long way ...

Room C3

Chairs:

- *Katsuhiko Arai*
- *Sandra Neri*

■ **627/697 A prospective multicenter observational study on the applicability of cold snare polypectomy in children undergoing colonoscopy**

Speaker:

- *Hunter Friesen*

■ **Advanced polypectomy with EMR/ESD**

Speaker:

- *Mike Thomson*

■ **Endoscopic management of GI fistulae and perforations in children**

Speaker:

- *Paula Peruzzi*

■ **627/381 Use of endoscopic functional luminal imaging probe during pediatric esophageal dilation leads to increased mucosal disruption and improvement in symptoms**

Speaker:

- *Raul Sanchez*

■ **Endoscopic biliopancreatic interventions in children**

Speaker:

- *Zaheer Nabi*

■ **627/531 Topical hemostatic agent in severe gastrointestinal bleeding: experience in a high-complexity endoscopy unit**

Speaker:

- *Laura Busquet*

10:45-12:15h. Session. Celiac & GRD

Room D

Chairs:

- *Sandhya Naik*
- *Enriqueta Roman Riechmann*

■ From pathogenesis to novel therapies

Speaker:

- *Valentina Discepolo*

■ 627/597 Development of a reproducible computational method to evaluate villous-crypt architectural metrics in hematoxylin and eosin stained duodenal biopsies

Speaker:

- *Jocelyn Silvester*

■ Tolerance, probiotics, and peptidases

Speaker:

- *Julio César Bai*

■ Is personalized medicine possible in celiac disease (predictors or interventions to prevent disease)?

Speaker:

- *Luciana Guzmán*

■ Controversies in Celiac Disease and Gluten-related disorders

Speaker:

- *Stefano Guandalini*

10:45-12:15h. Session. IBD - future challenges

Room E

Chairs:

- *Jorge Arturo Chávez Sainz*
- *Harland Winte*

■ Monogenic disease VEOIBD from the GI clinic

Speaker:

- *Aleixo Muise*

■ 627/533 A familial very early-onset crohn's disease based refinement of disease location associated gene networks

Speaker:

- *Ashleigh Watson*

■ Do we have to consider a different diagnostic algorithm in VEOIBD?

Speaker:

- *Mamoun Elawad*

Therapeutic approach in patients with VE0IBD

Speaker:

- **Victor Navas Lopez**

Potential positioning of fecal microbiota transplantation (FMT) and microbial therapeutics into the treatment of IBD

Speaker:

- **Richard Kellermayer**

12:30-13:30h. Abbott Symposium. Shaping Immune Health: unlocking the benefits of Early Microbiome Programming

Room A

For more details see page 53

12:30-13:30h. BIOCODEX Symposium. Ground-breaking Probiotic Guidelines for Latin America & *Saccharomyces boulardii* CNCM I-745 as the Preferred Choice

Room C1

For more details see page 53

12:30-13:30h. Takeda Symposium. Advances in Pediatric Intestinal Failure

Room C2

For more details see page 53

12:30-13:30h. Nestlé Symposium. Navigating the Cow's Milk Allergy Journey: From Diagnosis to Nutritional Optimization

Room C3

For more details see page 53

12:30-13:30h. Nutricia Symposium. Treatment of CMPA: real-world evidence. (Symposium in Spanish).

Room D

For more details see page 53

12:30-13:30h. DSM Firmenich Symposium. Synbiotics: Unlocking the Synergies of HMOs and Probiotics for Infant Health and Development

Room E

For more details see page 53

13:30-14:30h. Lunch

14:30-16:00h. Session. Gut Brain Disorders

Room A

Chairs:

- **Samuel Nurko**
- **Melquicedec Vargas Sandoval**

■ Nutritional approach in DGBI disorders

Speaker:

- **Annamaria Staiano**

■ The unavoidable pandemic of DGBI

Speaker:

- **Carlo Di Lorenzo**

■ Neurostimulation in pediatric DGBI

Speaker:

- **Neha Santucci**

■ Diagnosis and treatment of oropharyngeal dysphagia

Speaker:

- **Rachel Rosen**

■ 627/584 Development of the Columbus Pediatric Constipation Score: a short survey to predict constipation severity in children

Speaker:

- **Julia Van der Zande**

14:30-16:00h. Session. News in celiac disease

Room B

Chairs:

- **Aw Marion**
- **Yalda Lucero**

■ Are there new tools to assess adherence to the gluten-free diet?

Speaker:

- *Carmen Ribes-Koninckx*

■ 627/587 Single cell transcriptomic for deciphering the pathogenesis of celiac disease

Speaker:

- *Giuseppe Molinaro*

■ 627/662 An in vitro model for celiac disease

Speaker:

- *Mariam Blanch Ruiz*

■ New diagnostic challenges in GFD-style era

Speaker:

- *Ritu Verma*

■ 627/739 Gluten-induced il-2 release as a biomarker of celiac disease in children

Speaker:

- *Jocelyn Silvester*

■ Tools to test new therapeutics: from the periphery to the gut

Speaker:

- *Valentina Discepolo*

14:30-16:00h. Session. Research & future directions

Room C1

Chairs:

- *Henkjan J. Verkade*
- *Norberto Rodríguez-Baez*

■ Bridging the disparities in research between low- and high-income countries

Speaker:

- *Anupam Sibal*

■ **627/148 Calcium-fortified oral rehydration solution is more effective than standard oral rehydration solution in reducing diarrhea morbidity in cholera toxin-pretreated mice**

Speaker:

- **Sam Xiajun Cheng**

■ **Leveraging multi-center collaborative to advance hepatology research**

Speaker:

- **Jorge Abdon Bezerra**

■ **627/688 Peripheral B cell subsets distribution in children with non-alcoholic fatty liver disease: relationship with selected clinical parameters**

Speaker:

- **Piotr Socha**

■ **Immunity and microbiota: key regulators of the gut-brain axis**

Speaker:

- **Fernando Chirido**

■ **627/582 Human intestinal epithelial organoid as a model to study the interaction with specific gliadin peptide**

Speaker:

- **Giorgia Fontana**

14:30-16:00h. Session. Helicobacter pylori

Room C2

Chairs:

- **Said Ettair**
- **Armando Madrazo de la Garza**

■ **H. pylori the bad guy: associated diseases in children**

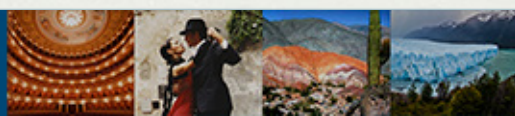

Speaker:

- **Benjamin D. Gold**

■ **627/706 Comparison of molecular antimicrobial resistance frequency in Helicobacter pylori strains isolated from Chilean children with symptomatic infection in 2 periods: 2010-2015 vs 2021-2024**

Speaker:

- **Joaquín Ignacio Torres Núñez**

■ **627/507 A falling incidence of Helicobacter pylori infection in Peruvian children? Findings from a pediatric gastroenterology unit in Lima-Perú**

Speaker:

- *Ana Muñoz-Urribarri*

■ **H. pylori the good guy: benefits of infection in modulating allergic and immune-mediated diseases**

Speaker:

- *Paul Harris*

■ **627/564 Probiotics ingestion increases the regression rate of intestinal metaplasia in naïve Helicobacter pylori-infected patients after eradication therapy**

Speaker:

- *Yaolung Yang*

■ **H. pylori: are the NASPGHAN/ESPGHAN Guidelines 2023 applicable around the world?**

Speaker:

- *Matjaz Homan*

14:30-16:00h. Session. New endoscopic techniques and devices for old problems

Room C3

Chairs:

- *Priya Narula*
- *Gabriela Hernández Vez*

■ **New techniques and devices for non-variceal GI Bleeding**

Speaker:

- *Petar Mamula*

■ **627/521 Per oral endoscopic myotomy is successful as primary treatment for esophageal achalasia in children**

Speaker:

- *Muhammad Khan*

■ **Endoscopic therapy for obesity (balloons and others)**

■ 627/461 Comparison of Single-step vs Two-step Laparoscopic Assisted Percutaneous Endoscopic Gastrojejunostomy Tube Insertion in Children

Speaker:

- *Ahmed A Nugud*

■ 627/132 Unsedated Transnasal Endoscopy has lower adverse event rate than Sedated Endoscopy in Pediatric and Young Adult Patients

Speaker:

- *Nathalie Nguyen*

■ Potential of balloon-assisted enteroscopy: what can we do with it?

Speaker:

- *Tomonori Yano*

14:30-16:00h. Session. Feeding disorders

Room D

Chairs:

- *Jiri Bronsky*
- *Juan Sebastián Pereira Angulo*

■ General approach to feeding disorders

Speaker:

- *Mauro Fisberg*

■ Feeding in neurologically impaired children

Speaker:

■ 627/819 Gastric Emptying Rates and Gastrostomy Tube Feeding: A Retrospective Cohort Study of 242 Pediatric Patients

Speaker:

- *Ryan Shargo*

■ Management of picky eaters

■ Feeding problems and nutrient intake in children with autism spectrum disorders

Speaker:

- *Ailim Margarita Carias Domínguez*

14:30-16:00h. Session. Tailored Therapies in Microbiota & Personalized Medicine

Room E

Chairs:

- *Paul Kelly*
- *Aldo Maruy Saito*

Diet-microbiota interaction: towards a personalized medicine

Speaker:

- *Rosaura Leis Trabazo*

627/417 Lacticaseibacillus rhamnosus GG (ATCC 53103) restores the antibiotic-induced persistent enteric neuromuscular alterations with a specific gender effect in mice

Speaker:

- *Silvia Salvatore*

627/183 Probiotics Enhance Gut Microbiota Balance of Preterm Neonates: A Randomized Controlled Trial

Speaker:

- *Pornthep Tanpowpong*

Tackling the Microbiome through Lifestyle Medicine: The Role of Microbiome Testing

Speaker:

- *Juan Bustamante*

627/94 Study of the microbiota in patients undergoing allogeneic hematopoietic stem cell transplantation (HSCT) and in Graft-versus-Host Disease (GVHD) and its implications on prognosis

Speaker:

- *Beatriz Vergara Muñoz*

The future of gastrointestinal health: predicting and preventing disease with microbiotic profiling

Speaker:

- *Stacy Kahn*

16:00-16:30h. Coffee break

16:30-18:30h. Session. Therapeutic challenges in IBD, a look into the future.

Room A

Chairs:

- *Mamoun Elawad*
- *Colette Deslandres*

■ **Should we tailor small molecule vs. biologic therapeutic options in low- and middle-income areas?**

Speaker:

- *Lee Way Seah*

■ **Thinking about nutrient deficiency**

Speaker:

- *Vera Sdepanian*

■ **What to do when we lose response to biologic? How to prevent and/or reverse the loss of response to biologics?**

Speaker:

- *Francisco Javier Martín de Carpi*

■ **Decisions to make before and after luminal surgery**

Speaker:

- *Anne Griffiths*

16:30-18:30h. Session. MASLD: more than words

Room B

Chairs:

- *Rohit Kohli*
- *Miriam L Cuarterolo*

■ **EASL Clinical Practice Guidelines on genetic cholestatic liver disease**

Instructor:

- *Henkjan J. Verkade*

■ **Food insecurity and risk for pediatric fatty liver**

Speaker:

- *Rima Fawaz*

■ Do family, culture, genetics and environment determine fatty liver?

Speaker:

- *Neelam Mohan*

■ Pediatric Liver Transplantation as Surgical Gene Therapy for Metabolic Disease

Speaker:

- *George Mazariegos*

16:30-18:30h. Session. Environment, Antibiotics and Pathogens.

Room C1

Chairs:

- *Kerri Gosselin*
- *José Fernando Vera Chamorro*

■ Environmental Enteric Dysfunction, what are the roles of pathobionts in the pathogenesis?

Speaker:

- *Paul Kelly*

■ Emerging and old pathogens with digestive implications (TBC, chikungunya, etc)

Speaker:

- *Anupam Sibal*

■ Antibiotic resistance and its relevance for GI infections including C difficile burden

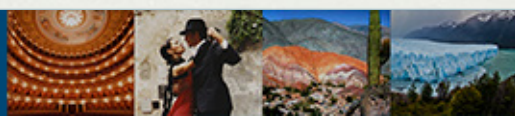

Speaker:

- *Andrea Lo Vecchio*

■ Epidemiological transitions of mankind and their effect on infectious diseases

Speaker:

- *Adrian Diaz*

16:30-18:30h. Session. Nutritional management of intestinal failure and rehabilitation

Room C2

Chairs:

- *José Vicente Spolidoro*
- *Jon Vanderhoof*

■ Short bowel syndrome and intestinal adaptation

Speaker:

- *Valeria Cohran*

■ Teduglutide use in children as a treatment for short bowel syndrome

Speaker:

- *Veronica Busoni*

■ Long term follow up of short bowel syndrome

Speaker:

- *Olivier Goulet*

■ Intestinal transplantation

Chair:

- *Pablo Lobos*

16:30-18:30h. Session. The New Era of Pediatric Diagnostic Endoscopy

Room C3

Chairs:

- *Reinaldo Pierre-Alvarez*
- *Jenifer Lightdale*

■ A review of the New Era of Capsule Endoscopy

Speaker:

- *Ignacio Fernández Urien*

■ Role of Pediatric Endosonography in today's era

Speaker:

- *Moinak Sen Sarma*

■ Endoscopic follow-up of patients with EoE: new guidelines and long-term alternatives

Speaker:

- *Montserrat Cázares Méndez*

■ AI (Artificial Intelligence) in the Pediatric Endoscopy Room

Speaker:

- *Victor Fox*

16:30-18:30h. Session. Eosinophilic gastrointestinal diseases: What does the evidence tell us?

Room D

Chairs:

- *Dominique Bailey*
- *Ericka Montijo Barrios*

■ Update on the epidemiology of Eosinophilic Esophagitis: What factors of change should we consider?

Speaker:

- *Michelle Higuera*

■ Current diagnostic approach of Eosinophilic Esophagitis

Speaker:

- *Mario Vieira*

■ Gastrointestinal eosinophilic disease: beyond esophagitis

Speaker:

■ Are ESPGHAN/NASPGHAN Guidelines on Eosinophilic Gastrointestinal Disorders Beyond the Esophagus applicable around the world?

Speaker:

- *Alexandra Papadopoulou*

■ Therapeutic developments in eosinophilic esophagitis and their effectiveness

Speaker:

- *Jorge Amil Dias*

16:30-18:30h. Session. Transplantation

Room E

Chairs:

- *Gilda Porta*
- *Norman Junge*

■ Optimizing Peritransplant Care to Improve Outcomes as a Pediatrician

Speaker:

- *Kyung Mo Kim*

■ Should living donor be almost always the first graft option in pediatric liver transplants?

Speaker:

- *Joao Seda*

■ Care of the long-term survivor of pediatric liver transplantation in 2024; definitely not just about the liver

Speaker:

- *Vicky Lee Ng*

■ LDLT in the setting of acute on chronic liver failure

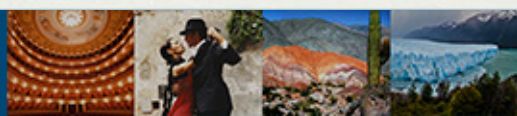

Speaker:

- *Rubén Quiros-Tejeira*

18:45-19:45h. Nutricia Symposium. Artificial Intelligence in Healthcare: Leading the Digital Health Transformation

Room D

For more details see page 53

Saturday 7th december

09:30-10:00h. Plenary Session. Celiac disease, Impact of insights and discoveries so far

Room A

Chairs:

- *Suporn Treepongkaruna*
- *Marina Orsi*

Speaker:

- *Fernando Chirido*

10:00-10:45h. Coffee break & e-poster session

10:45-12:15h. Session. Gut Microbiota

Room A

Chairs:

- *Jorge Palacios Rosales*
- *Hania Szajewska*

■ Latest advances in the infant microbiome: the mycobiome in early-life immune and metabolic development

Speaker:

- *Marie Claire Arrieta*

■ 627/7 The intricate interplay between atopy and dysbiosis in a pediatric population with functional abdominal pain

Speaker:

- *Oana Belei*

■ Give the bugs or feed the bugs?

Speaker:

- *Juan José Díaz Martín*

■ 627/104 Health outcomes of infant formula supplemented with human milk oligosaccharide analogues: a systematic review by the espghan special interest group on gut microbiota and modifications

Speaker:

- *Yvan Vandenplas*

■ SIBO

Speaker:

- *José Garza*

■ 627/397 Does small intestinal bacterial overgrowth predict outcome in cirrhosis?

Speaker:

- *Moinak Sen Sarma*

10:45-12:15h. Session. Children's diets in the present world

Room B

Chairs:

- *Sylvia Cruchet*
- *Liliana Ladino Melendez*

■ Nutritional requirements for a healthy diet

Speaker:

- *Irina Kovalskys*

■ Sugar in infants, children and adolescents

Speaker:

- *Jiri Bronsky*

■ Feasibility of plant based diets for children

Speaker:

- *Erika Ochoa Ortiz*

■ No Gluten, No Milk or FODMAPS diets

Speaker:

- *Katia Rodriguez*

10:45-12:15h. Session. Polyposis

Room C1

Chairs:

- *Thomas Attard*
- *Isabel Rojas*

■ Pediatric polyposis syndromes: an easy guide

Speaker:

- *Shlomi Cohen*

■ Extracolonic surveillance in pediatric polyposis: guidelines and beyond

Speaker:

- *Thomas Attard*

■ Familial adenomatous polyposis: keeping the colon

Speaker:

- *Nakayama Yoshiko*

■ Psychosocial challenges and transition of care in children with polyposis

Speaker:

- *Michele Maddux*

■ Polypectomy: advanced techniques

Speaker:

- *Mike Thomson*

10:45-12:15h. Session. Videoendoscopy Competition

Room C2

Chair:

- *Mario Vieira*

10:45-12:15h. Session. Potpurri Highlights

Room C3

Chairs:

- *Mercedes Martinez*
- *Alejandro Costaguta*

■ Recurrent acute liver failure: diagnosis and management

Speaker:

- *Gilda Porta*

■ 627/365 Hepatobiliary scintigraphy as a prognostic marker for paediatric acute liver failure

Speaker:

- *Louise Cai*

■ Gene therapy: an update

Speaker:

- *Lorenzo D'Antiga*

■ Congenital porto-systemic shunts: imaging tests and guidelines

Speaker:

- *Riccardo Superina*

■ Novel concepts in porto-sinusoidal disorder in children

Speaker:

- *José Ernesto Lipsich*

10:45-12:15h. Session. IBD news.... concepts to working on

Room D

Chairs:

- *Monica Contreras*
- *Lissy de Ridder*

■ IUS-IBD, What can you tell us? Will it be part of every medical visit?

Speaker:

- *Michael Winter*

■ 627/753 Automatic pediatric inflammatory bowel disease assessment in intestinal ultrasound images using machine learning

Speaker:

- *Hien Huynh*

■ When a child is ready to become an adult: transition of care in IBD

Speaker:

- *Eytan Wine*

■ Transition experience in LatinAmerica

Speaker:

- *Juan Andrés De Paula*

■ Fertility and breastfeeding still in the biologic era

Speaker:

- *Rachel Winter*

10:45-12:15h. Session. Neuromotility/Disorders of Gut-Brain Interaction DGBIs

Room E

Chairs:

- *Lucia Escobedo Berumen*
- *Roman Bigliardi*

■ 627/572 Pharmacological treatment options for functional constipation in children

Speaker:

- *Anna de Geus*

■ Refractory constipation: medical and surgical treatment

Speaker:

- *Leonel Rodríguez*

■ Psychotherapy, hypnotherapy, food and drugs in DGBIs

Speaker:

- *Andrés Bodas Pinedo*

■ Central neuromodulators in the treatment of DGBIs

Speaker:

- *Desalegn Yacob*

■ Autism spectrum disorder and gastrointestinal (GI) symptoms

Speaker:

- *Joseph Croffie*

12:30-14:00h. Closing Ceremony

Room A

14:00-15:00h. Tango Show

Room A

INDUSTRY SYMPOSIA

Thursday 5th december

12:30-13:30h. Abbott Symposium. Plant-Based Approaches for Nutrition Management of CMA: Exploring Hydrolyzed Rice Formula

Room A

Speakers:

- *Oscar Javier Quintero Hernández*
- *Rosan Meyer*
- *Christophe Dupont*

12:30-13:30h. BIOGAI A Symposium. Understanding Functional Abdominal Pain Disorders Among Children: A Collaborative Expert Panel.

Room C1

Chair:

- *Yvan Vandenplas*

Speakers:

- *Rodrigo Vázquez Frías*
- *Mario Vieira*

12:30-13:30h. IPSEN Symposium. A new perspective about rare cholestatic diseases in childhood

Room C2

■ **Progressive Familial Intrahepatic cholestasis (PFIC): where are we?**

Chair:

- *Elisa De Carvalho*

■ **A new standard of care for patients with PFIC**

Speaker:

- *Ulrich Baumann*

■ Improving outcomes in the real world across PFIC types & ALGS

Speaker:

- *Richard Thompson*

12:30-13:30h. BIOPAS Group Symposium. Challenges in Diagnosis and New Treatments for ALGS and PFIC in LATAM

Room C3

Chair:

- *Daniel D'Agostino*

■ 12:30-12:45h. ALGS and PFIC: Experience in Diagnosis and Treatment at the Hospital Italiano of Buenos Aires

Speaker:

- *Gustavo Boldrini*

■ 12:45-13:00h. Barriers in the Diagnosis and Treatment of ALGS and PFIC: Colombian Perspective and Experience

Speaker:

- *Felipe Ordoñez Guerrero*

■ 13:00-13:15h. Advancements and Strengths in the Diagnosis of ALGS and PFIC in Brazil: Success Stories

Speaker:

- *Gilda Porta*

■ 13:15-13:30h. New Molecules for the Treatment of ALGS and PFIC: Experiences with IBATs at Vall d'Hebron Hospital

Speaker:

- *Jesús Quintero Bernabeu*

12:30-13:30h. Reckitt Mead-Johnson Symposium. Microbiome and non-communicable diseases: A life-long journey

Room D

Speaker:

- *Alessio Fasano*

12:30-13:30h. Nestlé Symposium. Advances in Dietary Therapy for Crohn's Disease

Room E

■ Barriers and Challenges in Cross-Cultural Dietary Adaptation: Insights on Regional Clinical Practice

Speaker:

- *Soledad Arcucci*

■ New Scenarios in Dietary Management and Combined Therapy with Advance Drugs

Speaker:

- *Francisco Javier Martín de Carpi*

■ Expanding Indications for Nutritional Therapy in Pediatric Crohn Disease: beyond Induction of Remission in Mild-Moderate Disease

Speaker:

- *Eytan Wine*

Friday 6th december

08:15-09:15h. AB-Biotics Symposium. New Insights on Infant Colic: From Pathophysiology to Comparative Probiotic Studies (Symposium in Spanish)

Room C1

Speakers:

- *Rodrigo Vázquez Frías*
- *Jordi Espadaler Mazo*

08:15-09:15h. Nestlé Symposium. Brain-gut axis interaction disorders: how functional is it and what do we still need to discover? (Symposium in Spanish)

Room D

Speakers:

- *Carlos Lifschitz*
- *Elaine Mosquera*
- *Flavia Indrio*

08:15-09:15h. Abbott Symposium. Pediatric DGBI & Nutrition Insights: from diagnosis to optimized care.

Room E

Speakers:

- *John Stutts*
- *Jorge Arturo Chávez Sainz*

12:30-13:30h. Abbott Symposium. Shaping Immune Health: unlocking the benefits of Early Microbiome Programming

Room A

Speakers:

- *Oscar Hincapie*
- *Ruairi Robertson*
- *John Stutts*

12:30-13:30h. BIOCODEX Symposium. Groundbreaking Probiotic Guidelines for Latin America & Saccharomyces boulardii CNCM I-745 as the Preferred Choice

Room C1

Chair:

- *Ailim Margarita Carias Domínguez*

■ **2024 Iberoamerican Guidelines on Probiotics for Digestive Health in Children: Evidence based analysis and expertise approach**

Speakers:

- *Sylvia Cruchet*
- *Pedro Gutierrez Castellon*

■ **Guidelines to Reality: Bringing Expert Insights into Clinical Practice Using Saccharomyces boulardii CNCM I-745.**

Speaker:

- *Aldo Maruy Saito*

12:30-13:30h. Takeda Symposium. Advances in Pediatric Intestinal Failure

Room C2

Speakers:

- *George Mazariegos*
- *Adriana Fernández*
- *Veronica Busoni*

12:30-13:30h. Nestlé Symposium. Navigating the Cow's Milk Allergy Journey: From Diagnosis to Nutritional Optimization

Room C3

■ **Welcome and Introduction to the Symposium**

Chair:

- *José Vicente Spolidoro*

■ The Cow's Milk Related Symptom Score (CoMiSS™)

Speaker:

- *Yvan Vandenplas*

■ Unleashing the Power of the Microbiome in the Management of CMPA

Speaker:

- *Anna Nowak Wegrzyn*

12:30-13:30h. Nutricia Symposium. Treatment of CMPA: real-world evidence. (Symposium in Spanish).

Room D

Chair:

- *Gabriel Vinderola*

■ Real world evidence studies

Instructor:

- *Norberto Giglio*

■ Effectiveness of an hydrolyzed formula with symbiotics

Speaker:

- *Monica Edith Del Compare*

12:30-13:30h. DSM Firmenich Symposium. Synbiotics: Unlocking the Synergies of HMOs and Probiotics for Infant Health and Development

Room E

Speakers:

- *Lars Bode*
- *Maria Fernanda Elias Llanos*

18:45-19:45h. Nutricia Symposium. Artificial Intelligence in Healthcare: Leading the Digital Health Transformation

Room D

■ Health care professionals and AI: Adapt or Be Left Behind

Speaker:

- *Hania Szajewska*

■ Innovative Approaches in Pediatric Gastroenterology: Machine Learning for Stool Consistency Assessment

Speaker:

- *Yvan Vandenplas*

■ The future is here: enhancing pediatric care with Artificial Intelligence

Speaker:

- *Gabriel Vinderola*
